Steps to add NLM abbreviations to EndNote for JAMA style

In Endnote:

1. In the main EndNote Library screen select <Tools>:

2. Select <Open Term Lists>, and then <Journal Title List>:

3. Highlight full journal title and select <Edit>:

4. Enter the abbreviation and click <OK>:
1. To verify that EndNote will use the abbreviation as required by the AMA style, click on Edit
2. Select Output Style << Edit “JAMA”
3. Click on Journal Names and verify that Abbreviation 1 is selected.
